

A LETTER FROM A SCOUT

I don't know if words can express the gratitude I feel for you giving me the opportunity to experience Northern Tier. Not only did I get to visit a lot of other states, I got to see a whole other Country! Crossing into Canada was the first of many wonderful experiences. I got to see a moose close up, hold a chipmunk in my hand, and fish in some Awesome lakes!! The scenery was breathtaking, from the sunrise over water in the mornings, to the evidence of God's handiwork in the sunsets. Then there were pine trees that reach to the sky, waterfalls, and big, big lakes. I was also able to aide in conservation to the area by helping to fell trees that had been damaged by pine beetles.

But in addition to the scenery, this trip gave me the opportunity to strengthen the bonds with my Troop. We had to work together to make this a successful and memorable trip. I will never forget this experience, or your generosity.

With Sincerest Thanks,

Mitchell Wilson
Life Scout
Troop 300
Mustang
